TERMINATION OF COVERAGE UNDER GENERAL NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMIT—THE SALVATION ARMY, RED SHIELD YOUTH AND COMMUNITY CENTER, 1532 WEST 11TH STREET, LOS ANGELES, CALIFORNIA (NPDES NO. CAG994003, CI-0565)

Dear Ms. Lewis:

The subject discharge is regulated under Order No. R4-2004-0058, *General National Pollutant Discharge Elimination System and Waste Discharge Requirements for Discharges of Nonprocess Wastewater to Surface Waters in Coastal Watersheds of Los Angeles and Ventura Counties*, adopted by this Board on April 1, 2004.

We have reviewed your May 17, 2010, letter which requested termination of your coverage under the General NPDES Permit. The letter indicated that you have obtained an Industrial Wastewater Discharge permit from the City of Los Angeles to discharge your backwash wastewater to sanitary sewer system and that you have ceased wastewater discharge from the subject site to the storm drain.

On September 1, 2010, Board staff inspected the project site and verified that there is no discharge of wastewater from the site to the storm drain. Since there is no discharge of wastewater from the facility, coverage under Board Order No. R4-2004-0058, General NPDES Permit No. CAG994003, for the facility is hereby terminated.

Please note that if future discharges of wastewater to surface waters or land become necessary, you must file a Report of Waste Discharge with this Board and obtain appropriate waste discharge requirements.

If you have any questions, please contact Namiraj Jain at (213) 620-6003.

Sincerely,

Samuel Unger
Executive Officer

California Environmental Protection Agency

Our mission is to preserve and enhance the quality of California's water resources for the benefit of present and future generations.
